This Memorandum of Understanding (MOU) sets for the terms and understanding between the Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and Datapoint Infosolutions, Flat no 101, Sri Sai Rams Swarnalatha Estates Hyderabad, Telangana. To impart the practical knowledge among the students.

Background:

For any institution flourish in this highly competitive environment and to enhance the employability skills of the students, it becomes imperative to make a Memorandum of Understanding (MOU) with an Company partner. As a result of this MOU, the students stand to gain in terms of the one hand and get to the basics of everything connected to Civil Engineering Processes

Purpose:

The main objectives with which this MOU is planned is elaborated here below

A. Field visit: As a part of students curriculum, students in order to gain first hand information, has to visit the field. By interacting with the company officials, they get immense practical knowledge in all aspects.

B. Guest lectures: This is an interactive session where company offers share their vast knowledge with students enriching their young minds with the intricacies of the job situation. This session essentially concentrates on the handling of difficulties in planning and designing.

C. Internship: Here, all theoretical knowledge obtained by the students will be translated into practice. The company partner, on its part, provides an opportunity to aspiring and deserving students to work for the company, the duration of which may range from one to six months. This internship in many cases, may lead to regular employment to the student after completion of their, study.

D. Training: In addition to the above, a fourth objective may be training aspect of the students. Competent persons from the company give training to the students in various aspects of a functional organization. Training session can be conducted in our institution followed by a day-long session in the institution.

Reporting:

As the MOU is entered in the best interest of the institution and the major beneficiaries are the students. The principal along with the HOD's have to evaluate the effectiveness and adherence to the agreement. This exercise may be undertaken once in a semester period.

Funding:

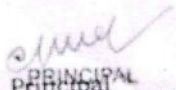

This is to make it clear that there is no financial commitment from either of the partners to the MOU at any point of time the MOU is in force.

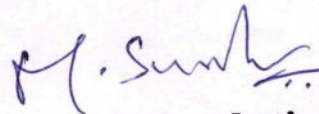

Duration:

This MOU is at-will and may be modified by mutual consent of authorized officials from Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and Data point Infosolutions.

This MOU shall become effective upon signature by the authorized officials from the Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and Data point Infosolutions and will remain in effect until modified or terminated by any one of the partners by Data point Infosolutions In the absence of mutual agreement by the authorized officials from Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and Data point Infosolutions

PURPOSE

Conducting Workshops, Student Development Programs (SDP), Faculty Development Programs (FDP), Innovations in the field Internet of Things (IoT) i.e., Embedded System by Datapoint Info Solutions, to bridge the gap between academia and industry standards. DIS will hire 6 Students of ALTS as Interns for 3 months duration, screening (Aptitude Test and Technical Interview) will be done before considering as Interns.

COOPERATION

Through this memorandum, both parties affirm the value of Academic & Scientific Collaboration and agree to promote the following Activities:

- To closely work together to bring workshop & Training opportunities for students and faculty. Three workshops, Student Development Programs (SDP), Faculty Development Programs (FDP), Innovations of two days in the two years will be supported by Datapoint.
- To provide internships to the students of ALTS.
- To provide industry experts to support and conduct consulting activity.
- To train ALTS students on best industry practices and develop competency free of cost at ALTS premises.
- Provide ALTS with industry connect to bring in more consulting opportunities.
- ALTS and DIS put up joint project proposal for funding by Government or any other agencies.
- To work towards success of projects and relationship fostering.
- Safeguard and protect each other's data and secrets.

This Agreement places no financial obligations or supplementary funding commitments on either party. DIS conducts the aforementioned activities to ALTS students and faculty as a part of Social Responsibility. These activities will be defined through separate program agreements that detail the commitment of resources (financial or otherwise) required by each Institution. Subsequent

program agreements must be approved in writing by the authorized representatives of each institution.

Assistant Professor Mr. MuralidharKurni of the ALTS, Department of Computer Science & Engineering will serve as the primary liaison between the two institutions to facilitate the development of future activities.

TERMS

This Agreement will become effective upon the date of signature by both parties. It shall remain valid for a period of five (5) years from the date of the last signature, with the understanding that it may be modified by written mutual consent of both parties. This agreement may be terminated by either party with advance written notice of at least thirty (30) days. The agreement may be extended by mutual consent of the two parties after the five-year period, and it must be renewed in writing.

This Memorandum of Understanding completed in English is hereby signed in two (2) copies with one (1) copy remaining in the possession of each institution.

INTERNSHIP AND PROJECTS

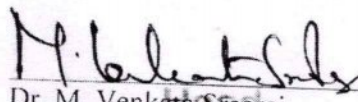

DIS will hire 6 students of ALTS as Interns for 3 months duration Screening (Aptitude Test and Technical Interview) will be done before considering as Interns.
