

MEMORANDUM OF UNDERSTANDING

Memorandum of Understanding

Between

**Department of Civil Engineering
Anantha Lakshmi Institute of Technology and Sciences
Itukalapalli (v), Anantapuram- 515003**

&

**GPR Constructions
Obuladev Nagar, Anantapuramu
Andhra Pradesh-515001**

This Memorandum of Understanding (MOU) sets for the terms and understanding between the Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and GPR Constructions, Obuladev Nagar, Anantapuramu. To impart the practical knowledge among the Schoolstudents.

Background:

For any institution flourish in this highly competitive environment and to enhance the employability skills of the students, it becomes imperative to make a Memorandum of Understanding (MOU) with an Company partner. As a result of this MOU, the students stand to gain in terms of the one hand and get to the basics of everything connected to Civil Engineering Processes

Purpose:

The main objectives with which this MOU is planned is elaborated here below

A. *Field visit:*As a part of students curriculum, students in order to gain first hand information, has to visit the field. By interacting with the company officials, they get immense practical knowledge in all aspects.

B. *Guest lectures:*This is an interactive session where company offers share their vast knowledge with students enriching their young minds with the intricacies of the job situation. This session essentially concentrates on the handling of difficulties in construction process.

C. *Internship:*Here, all theoretical knowledge obtained by the students will be translated into practice. The company partner, on its part, provides an opportunity to aspiring and deserving students to work for the company, the duration of which may range from one to six months. This internship in many cases, may lead to regular employment to the student after completion of their study.

D. *Training:*In addition to the above, a fourth objective may be training aspect of the students. Competent persons from the company give training to the students in various aspects of a functional organization. Training session can be conducted in our institution followed by a day-long session in the company.

Reporting:

As the MOU is entered in the best interest of the institution and the major beneficiaries are the students. The principal along with the HOD's have to evaluate the effectiveness and adherence to the agreement. This exercise may be undertaken once in a semester period.

Funding:

This is to make it clear that there is no financial commitment from either of the partners to the MOU at any point of time the MOU is in force.

Duration:

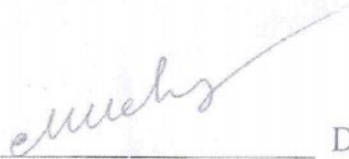

This MOU is at-will and may be modified by mutual consent of authorized officials from Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and GPR Constructions. This MOU shall become effective upon signature by the authorized officials from the Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences and GPR Constructions and will remain in

effect until modified or terminated by any one of the partners by GPR
Constructions. In the absence of mutual agreement by the authorized officials from
Department of Civil Engineering, Anantha Lakshmi Institute of Tech and Sciences
and GPR Constructions and this MOU shall end on 29-12-2024.
